

Lead-Safe Housing Registry

Lead Safe Housing Registry

The Alameda County Lead-Safe Housing Listing is provided to inform the renting community of housing units that have been made safe from lead-based paint hazards.

Lead-based paint is primarily found on homes and apartments built before 1978. The older the building, the more likely it is to have lead-based paint. To find out more information or to receive a free copy of the ACLPPP Guide to Lead-Safe Housing for Tenants and First Time Home Buyers, please call the Information Line at (510) 567-8280.

The following units were determined to be lead-safe following their participation in the Alameda County "Affordable Lead-Safe Housing" Program funded by the U.S. Department of Housing and Urban Development's Office of Healthy Homes and Lead Hazard Control.

Important Advisories

"Lead-Safe" The units shown below were deemed lead-safe based on a lead evaluation in the month shown. "Lead-safe" means that there was no deteriorated lead-based paint, no lead-contaminated dust, and no exposed lead-contaminated soil identified at the time of the lead evaluation. This does not mean the property is "lead-free" as lead-based paint or lead in the soil may remain.

On-going lead safety requires the owner to safely maintain paint coatings and soil covering and to use lead-safe work practices in maintaining or repairing the unit. Prospective renters or buyers should check with the owner to see if these practices have been followed.

This is a list of housing units that were lead-safe at the date indicated. This does not mean that the units listed are vacant or available at this time. Other units at a given property that are not listed here may or may not be lead-safe.

Alameda County makes no warranties as to the current condition of the property. Normal deterioration or activities of the owner, tenant, or others may have created lead hazards since the lead evaluation date.

Lead-Safe Housing

Property Address Lead-Safe Units	Date of Lead-Safe Evaluation	Contact Phone Number
