

## Where to take a sample for lead analysis

### Accredited Labs in Alameda County

For sampling instructions go to <https://www.achhd.org/leadpoisoning/testing.htm>

For best results hire a State certified lead risk assessor/inspector to collect your samples. For a list go to the [https://www.achhd.org/documents/directory\\_supplemental\\_2005.pdf](https://www.achhd.org/documents/directory_supplemental_2005.pdf).

In most cases anyone being paid to conduct sampling for lead analysis in California **must** be State certified. For more information go to: <http://www.cdph.ca.gov/programs/CLPPB/Pages/LRCCertReqd.aspx>

Note: Prices for lab analysis are generally less expensive if you can wait a few days for the results. Contact the lab for details.

Company Name Address, City, zip	website	phone	Cost of soil analysis*	Cost of paint analysis*	Cost of dust analysis*
Asbestos TEM Laboratories, Inc. 600 Bancroft Way, Berkeley, California 94710	<a href="http://www.asbestostemplabs.com">http://www.asbestostemplabs.com</a>	(510) 704- 8930	\$45 3-5 days	\$45 3-5 days	\$45 3-5 days
